## OUTDATED MOD

This mod is not known to work with the latest version of Kerbal Space Program. Proceed with caution.

Information

Changelog

Stats

This will enable you to select which mod controls the decoupled stage.

Available settings are:

- auto - Let FMRS decide depending on it's options whether it will take control or not
- none - No mod should control this stage after staging
- FMRS - FMRS has control of this stage
- Stage Recovery - Stage Recovery has control of the stage
